

To Whom It May Concern:

The IIDC GmbH – Islamic Information Documentation and Certification GmbH, declares that the following tank cleaning stations are under his strict IIDC-HALAL supervision:

STI-Steinkühler Innenreinigung GmbH & Co KG
Carl-Sonnenschein-Straße 122, 47809 Krefeld, Germany

The above company is a registered member of ENFIT International Association Supply Chain Safety. The company has successfully completed the ENFIT HQF certification and the HALAL certification is done in corporation with and in training by ENFIT-International Association Supply Chain Safety, Grüne Straße 5, D49610 Quakenbrück.

If transport containers, e.g. road tankers, silo trailers, IBCs, tank containers or refrigerated and box vehicles are cleaned on the basis of HALAL requirements, then the cleaning must be carried out according to the ENFIT HALAL cleaning procedures:

ENFIT P 270 H (light ritual contamination) or,
ENFIT P 370 H (medium ritual contamination) or,
ENFIT P 470 H (heavy ritual contamination).

The applied ENFIT HALAL cleaning procedure is documented in the international ECC-ENFIT CLEANING CERTIFICATE.

This HALAL Confirmation is signed on 13 April 2024 and valid until 12 April 2025.
